Cans £1.00

SUSTAINABILITY AT MAKE CIC

Urban Garden- We grow many of our own herbs and seasonal fruits and vegetables for our menu.

Local Suppliers- Our bagels are baked locally by Tasty Baker and our coffee beans are roasted by Caffe Riccardo at Make North Docks.

We harvest our honey right here in our garden from hives.

We use sustainable supply chains and only use free range eggs.

We compost all of our food waste using our garden composters and use a conscious recycling company
